

## CURRICULUM VITAE

Li-Chuan Chen, Ph.D.

**Correspondence:** #70 Zhong-Hsiao Third Road, Puli  
Nantou County, 545, Taiwan, R.O.C.

### Education:

- 1977-1981 - B.S. Degree, National Taiwan University, Taipei, Taiwan
- 1985-1991 - Ph.D. Degree, University of Kentucky, Lexington, Kentucky  
Dissertation title: *Role of oxidative stress in the hepatotoxicity of the peroxisome proliferator perfluorodecanoic acid*
- 1987-Date - Society of Toxicology Continuing Education on Inhalation Toxicology, Molecular Toxicology, Naturally Occurring Toxins and Strategies for Cloning Toxicant-Inducible Genes
- 1991-1994 - Post-doctoral training under Dr. Luigi M. De Luca, Chief of Differentiation Control Section, Laboratory of Cellular Carcinogenesis and Tumor Promotion, Division of Cancer Etiology, National Cancer Institute, Bethesda, MD
- 1992 - BioTrac 1: Biotechnology Techniques by FAES (Foundation for Advanced Education in the Sciences, Inc.), National Institutes of Health, Bethesda, MD
- 1993 - BioTrac 2: Recombinant DNA Methodology by FAES
- 1994-1995 - Post-doctoral training under Dr. Dvorit Samid, Chief of Differentiation Control Section, Clinical Pharmacology Branch, Division of Cancer Treatment, National Cancer Institute, Bethesda, MD
- 2000 - LL's Magnetic Clay's Bath Technician
- 2001 - Kaya Regeneration Therapy (of ancient Siddha Vaidya medical system from India), Washington, D.C.
- 2002 - Kaya Regeneration Therapy Trainer, Washington, D.C.
- 2003 - LL's Magnetic Clay's Bath Technician Trainer

### Brief Chronology of Employment:

- 1979-1985 - Free-lance writer, film critic and translator, Taiwan
- 1981-1983 - Military Service, Taiwan
- 1985-1989 - Research assistant, Toxicology, University of Kentucky, Lexington, Kentucky
- 1990-1991 - Research assistant, Toxicology, University of Kentucky, Lexington, Kentucky
- 1991-1994 - Intramural Research Training Award (IRTA) Fellow, Laboratory of Cellular Carcinogenesis and Tumor Promotion, Division of Cancer Etiology, National Cancer Institute, National Institutes of Health, Bethesda, MD
- 1994-1996 - IRTA Fellow, Clinical Pharmacology Branch, Division of Cancer Treatment, National Cancer Institute, Bethesda, MD
- 1996-1997 - Independent contractor, Office of Alternative Medicine, National Institutes of Health, Bethesda, MD
- 1997-Date - Alternative medical consultant, Qigong instructor
- 1999-Date - Vice President, Carolina Holistic, Inc.
- 1999-2002 - Editor, *Carolina Health & Healing Magazine*
- 2000-2007 - Assistant Professor, Capital University of Integrative Medicine, Washington, D.C.
- 2002-2005 - Editor, *Integrative Health & Self Healing* ([www.integrativehealthandhealing.com](http://www.integrativehealthandhealing.com))
- 2003-2005 - Chief Operating Officer, Amala Health International
- 2003-2010 - Consultant, Cosminergy Technology Co. (on energy medicine)
- 2004-2006 - Consultant, Panion & BF Biotech Inc. (on integrative medicine and new product development)
- 2005-Date - Creator & Trainer, Trinity of Integrative Health System (for self healing)
- 2009-2011 - Adjunct Professor, Kaoshung Medical University, College of Oral Medicine

2011-Date - Columnist, Organic Magazine, Taipei, Taiwan

#### **Honors:**

- 1988 - Student Travel Award from the Society of Toxicology, Washington, D.C.
- 1988-1989 - Graduate Year Fellowship from the University of Kentucky, Lexington, Kentucky
- 1989-1990 - Dissertation Year Fellowship from the University of Kentucky, Lexington, Kentucky
- 1991-1996 - Intramural Research Training Award Fellowship from the National Institutes of Health, Bethesda, MD
- 2003 - Outstanding Service in Journalism from The International Council of Integrative Medicine, Pearcedale, Australia

#### **Committees:**

- 2001-2007 - Institutional Review Board, Capital University of Integrative Medicine (CUIM), Washington, D.C.
- 2001-2007 - Co-Chair, Ph.D. Steering Committee, CUIM, Washington, D.C.
- 2002-2007 - Chair, Faculty Advisory Committee, CUIM, Washington, D.C.
- 2002-2007 - Educational Advisory Board, National Foundation for Alternative Medicine, Washington, D.C., website: [www.nfam.org](http://www.nfam.org)
- 2003-Date - Journalism Advisory Board, International Council of Integrative Medicine, Pearcedale, Australia, website: [www.icimedicine.com](http://www.icimedicine.com)
- 2003-Date - Advisory Board of Tai Chi & Consumer Health Information, American Tai Chi Association, Herndon, Virginia, website: [www.americantaichi.net](http://www.americantaichi.net)
- 2004-Date - Advisory Board of The Association of Health and Dental Awareness Professionals (HDAP), website: [www.IntegrativeHealthAndDental.com](http://www.IntegrativeHealthAndDental.com)
- 2005-2009 - Advisor, Taiwan Academy of Oral Medicine and Toxicology
- 2010-Date - Advisor, Taiwan Association of Energy Medicine
- 2013-2014 - Member of Evidence Based Complementary and Alternative Medicine (EBCAM) executive committee
- 2014-Date - Deputy Director of Taiwan Association of Energy Medicine

#### **Research Interests:**

1. Evaluation of alternative cancer therapies and treatments for other chronic, degenerative diseases
2. Vibrational medicines: homeopathy, herbal medicine, flower essences, light and color therapy, sound therapy, and electromagnetic therapy
3. Health benefits of Chinese Taoist and Tibetan Buddhist Qigong practice
4. Ancient Indian Siddha Vaidya medical system
5. Natural Detoxification Methods
6. Management Consulting and Model Building for Integrative Clinics, Spas, Wellness Centers as well as Healing Centers

#### **Current projects:**

1. Identifying physical and emotional patterns of diseases
2. Educating the public about integrative health care and innovative medicine
3. Teaching self-care techniques to the public
4. Teaching Integrative Dentistry and Medicine and promoting safe removal of dental amalgams in Taiwan and other parts of Asia
5. Book writing
6. Promoting organic farming and lifestyles as well as sustainable living in Taiwan

1. Borges, T., Chen, L.-C., Robertson, L. W., Chow, C. K., and Glauert, H. P.: Effects of ciprofibrate and perfluorodecanoic acid on lipid metabolism and growth on male Sprague-Dawley rats fed 2 levels of selenium. *Toxicologist* 8: 99, 1988.
2. Chen, L.-C., Borges, T., Robertson, L. W., Glauert, H. P., and Chow, C. K.: Differential effects of dietary selenium on glutathione-dependent enzyme activities in rats treated with peroxisome proliferators. *Toxicologist* 8: 9, 1988.
3. Borges, T., Glauert, H. P., Chen, L.-C., Chow, C. K., and Robertson, L. W.: Dose-related effects of perfluorodecanoic acid (PFDA) on growth and lipid metabolism in Sprague-Dawley rats. *Deutsche Gesellschaft fur Pharmakol. Toxikol. Suppl.* 339: R17, 1989.
4. Chen, L.-C., Chaudhary, L., Blouin, R. A., and Chow, C. K.: Effect of acetaminophen on hepatic antioxidant status of Zucker rats. *FASEB J.* 3: 727, 1989.
5. Chen, L.-C., Knight, S. A. B., Sunde, R. A., Robertson, L. W., Glauert, H. P., and Chow, C. K.: Effects of perfluorodecanoic acid on selenium-dependent glutathione peroxidase. *Toxicologist* 9:

225, 1989.

6. Hayek, M. G., Boissoneault, G. A., Chen, L.-C., Chow, C. K., Glauert, H. P., Borges, T., and Robertson, L. W.: Perfluorodecanoic acid (PFDA), selenium (Se) and mitogen response in rats. *FASEB J.* 4: 1039, 1990.
7. Chen, L.-C., Wilson, L., Boissoneault, G., and Chow, C. K.: Effect of N-3, N-6 and N-9 fatty acids on hepatic hydrogen peroxide-metabolizing systems in mice. *FASEB J.* 4: 932, 1990.
8. Chen, L.-C., Baker, M., Wilson, L., Glauert, H. P., and Chow, C. K.: Effect of perfluorodecanoic acid on hepatic hydrogen peroxide-metabolizing systems in rats: a time course study. *Toxicologist* 10: 140, 1990.
9. Chen, L.-C., Berberian, I., Chow, C. K., and Robertson, L. W.: Effects of selected PCBs and PBBs on retinoid levels in various rat tissues. *Toxicologist* 11: 221, 1990.
10. Chen, L.-C., Eacho, P. I., Glauert, H. P., Robertson, L. W., and Chow, C. K.: Suppression of cytosolic DT-diaphorase activity in rat liver by peroxisome proliferators. *Toxicologist* 13: 395, 1993.
11. Chen, L.-C. and De Luca, L. M.: High dietary retinoic acid (RA) prevents malignant conversion of skin tumors induced by a two-stage carcinogenesis protocol in female SENCAR mice. *Toxicologist* 14, 185, 1994.
12. Chen, L.-C. and De Luca, L. M.: Effect of high dietary retinoic acid on skin papilloma and carcinoma formation induced by a complete carcinogenesis protocol in female SENCAR mice. *Proc. Am. Assoc. Cancer Res.* 35: 185, 1994.
13. Chen, L.-C., Shack, S., Miller, A. C., Danesi, R., and Samid, D.: Increased susceptibility of ras-transformed cells to phenylacetate (PA) is associated with inhibition of p21<sup>ras</sup> isoprenylation and phenotypic reversion. *Proc. Am. Assoc. Cancer Res.* 36: 438, 1995.

#### (INVITED) ACADEMIC LECTURES

1. Modulation of skin carcinogenesis by dietary retinoic acid, 2/11/94 at Department of Dermatology, Case Western Reserve University, Cleveland, OH
2. Modulation of skin carcinogenesis by dietary retinoic acid, 2/16/94 at Department of Pathology and Toxicology, Hoffmann-La Roche, Inc., Nutley, NJ
3. Modulation of skin carcinogenesis by dietary retinoic acid, 2/17/94 at Laboratory of Cellular Carcinogenesis and Tumor Promotion, National Cancer Institute, Bethesda, MD
4. Aromatic fatty acids as differentiation inducers in cancer therapy, 3/1/96 at Laboratory of Molecular Carcinogenesis, National Cancer Institute, Bethesda, MD
5. Aromatic fatty acids as differentiation inducers in cancer therapy, 3/29/96 at the Immunotherapy Program, St. Luke Hospital, Milwaukee, WI
6. Introduction to alternative medicine and the Office of Alternative Medicine, 12/5/96 at the Department of Biology, Furman University, Greenville, SC
7. Evaluation of the anticancer activities of Antineoplastons and related compounds, 12/6/96 at the

Department of Biology, Furman University, Greenville, SC

8. The Science (and Politics and Economics) of Antineoplastons, at the Center for Mind-Body Medicine's Conference, Comprehensive Cancer Care: Integrating Complementary and Alternative Therapies, 6/12-14/98, at Hyatt Regency Crystal City in Arlington, VA
9. Mercury Toxicity, at the annual meeting of Taiwan Dental Association, 6/18-19/2005, Taipei, Taiwan
10. Mercury Toxicity, at six dental departments in major hospital centers in Taipei, Taiwan, July-September, 2005
11. Four Controversial Issues in Integrative Dentistry, dental department of the Hospital for the Armed Forces, 11/10/2005
12. Occupational Hazards of Dental Amalgams, at the annual meeting of Taiwan Dental Academy, 2005
13. Natural Detoxification, guest lecture at Healer's Holistic Medical School, Taipei, Taiwan; January 8, 2006
14. Herring's Law of Healing and its application in Detoxification, Integrative Dentistry, guest lectures at a training course for homeopathic doctors in Taipei, Taiwan, 2006
15. Integrated/Holistic Dentistry, at monthly group study of the World Clinical Laser Institute, Taiwan Chapter, December 9, 2006
16. Herring's Law of Healing and its application in Detoxification, Integrative Dentistry, guest lectures at a training course for homeopathic doctors in Taipei, Taiwan, 2007
17. Oral Toxicology and Integrative Medicine, Kaoshuing Medical University, April, 2009
18. Oral Toxicology and Energy Medicine, Kung Univeristy, May, 2009
19. Herring's Law of Healing and its application in Detoxification, Integrative Dentistry, guest lectures at a training course for homeopathic doctors in Taipei, Taiwan, 2009
20. Toxins and Theory of Detoxification, guest lecture at a training course for medical doctors, Taipei, Taiwan, 2011
